NEW HIGHLAND AVENUE BRIDGE IN RIALTO TO OPEN BY SEPTEMBER 11

The new Highland Avenue bridge over Route 210 and the newly aligned section of Highland east of Riverside Avenue will open to motorists by Monday, September 11. During the weekend of September 8-10, crews will be paving, striping lanes and installing traffic signals on this section of Highland, which will connect directly to Easton Street.

Throughout the weekend, temporary and full lane closures will be required on Riverside Avenue and Highland Avenue. Construction will occur during daytime and evening hours to expedite the work and minimize the impact to motorists. The full closure of Highland Avenue will require a detour using Riverside Avenue, Baseline and California Street. Please see the map below.

For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at www.sanbag.ca.gov. SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.

Remember, Safety: It's no accident!
